Chaitanya Emanty

Entrepreneur || Cyber Security Researcher | Motivational Speaker

Co-Founder & Chief Technical Officer (CTO)

Known to be tech-savvy, Chaitanya has profound exposure in the highly vulnerable security domains in the Information Technology (IT). A former Software Engineer with a distinct corporate identity to his credit, he successfully studied the nuances of cyber security related loopholes in the Indian Cyber Space (ICS) and was an active Corporate Trainer for several years in different corporate entities of repute.

His penchant for crime-free cyber world vehemently takes his focus into the domains of Cyber Security Analysis (CSA) and Cyber Security Research (CSR). The Certification in Ethical Hacking (CEH) adds to his feathered cap as it further authenticates his savoir-faire in cyber security initiatives. As one of the most sought-after Motivational Speakers, having inspired tens of hundreds of students in various esteemed schools and colleges and as a civilian with voluntary commitment to social responsibility, Chaitanya endears himself to all.
